UCLouvain

Louvain-la-Neuve, 24 July 2026

To whom it may concern,

I am writing this letter as the Chair of the School of Mathematics of the Faculty of Science at UCLouvain, to attest Marco Abbadini's teaching activity at our school.

During this academic year 2025-2026, Marco Abbadini has been teaching a course entitled *Categorical Dualities in Logic*. He has been responsible of designing the syllabus, writing lecture notes, lecturing and assessing the students, for a teaching load of 22.5h, corresponding to 1.5h per week over the semester.

Sincerely yours,

REDACTED

Prof. Jean Van Schaftingen
Président de l'École de Mathématiques
Faculté des Sciences
